**COMMITTED TO REDUCING MOTHER-NEWBORN MORTALITY AND TO PROVIDE DESPERATELY NEEDED MEDICAL CARE FOR ALL**

The lives of so many mothers and newborns are now being saved thanks to the ability we have to provide emergency surgery for those who are in need.

This is our wonderful staff of 44 along with Joanne VanDeren and me. We had a yummy dinner together before Joanne and I left for home the next day. Each staff member brings so much to the daily operation of Naluko Women's Hospital and Healthcare Center.

Over 100 people show up every time we do a village outreach. We test for hypertension, diabetes. We test and treat for malaria, typhoid. We do prenatal visits and training for pregnant mothers. All at no cost.

We were so blessed to have had Brenden and Rozlyn Mignogna, Mike and Joanne VanDeren and my Mike here this last February. Will you pray along with us as Brenden and Rozlyn seek the Lords will and direction in serving the Lord here with us here in Naluko, Uganda.

This is our new ambulance! We are currently using it while working on the "AMBULANCE" signage and fully equipping it. Our ambulance will be used in our village as well as the surrounding villages. THANK YOU to all who so generously donated to make this possible!
